# WHAT IS MODERN SLAVERY?

Victims of Modern Slavery are trapped in their situations by lies, coercion, threats to themselves or their families, violence and debt. **The purpose is exploitation.**

Traffickers and exploiters use whatever means they have at their disposal to coerce, deceive and force individuals into a life of abuse, servitude and inhumane treatment.

## THE SCALE OF THE PROBLEM

- 10 million children are in slavery across the world.
- There are thought to be 10,000 - 13,000 potential victims in the UK each year. They are in every city and town.
- Potential victims have been identified from over 100 countries, but many victims are from the UK.

## TYPES OF EXPLOITATION

**Labour Exploitation**

**Sexual Exploitation**

**Domestic Servitude**

**Forced Criminality**

**Forced Marriage**

**Organ Harvesting**

# SPOT THE SIGNS

---

The first step to prevent modern slavery is to be able to sense it and spot it. By understanding the signs to look out for, you could help the most vulnerable members of your community,

Do they have **limited social interaction** or contact with the surrounding community?

Have there been **threats made** against the individual or their family?

Are they in **need of medical care** that they are not receiving?

Do they have any injuries that may be a result of **controlling measures**?

Is there any evidence to suggest **deception** or **coercion** may be taking place?

Are they **bonded by debt** or is money deducted from their salary?

Does the person act as if they are **instructed by another**? There may be **control** over their movement.

Is the person **lacking in self esteem** or do they seem anxious or fearful?

Is someone else in possession of their **legal documents**?

Are they **distrustful of authorities**?
